The screenshot displays a video analysis application window titled "No Helmet Alert System". The main video frame shows a busy street scene with several people riding motorcycles. Three individuals are specifically identified with green bounding boxes and the label "Helmet": a person on the left, a person in the center, and a person on the right. The application interface includes a top menu bar with options like "File", "Edit", "View", "Help", and "About". The bottom status bar shows system information, including the date and time (02:39, 04-05-2026). The right sidebar contains a file explorer and a command line interface.

Under Section 129 of the Motor Vehicles Act, 1988 (as amended), every person riding a motorcycle shall wear protective headgear conforming to BIS safety standards. Contravention constitutes an offense punishable under Section 194D with a mandatory penalty of INR 1,000 and potential license suspension up to 3 months.

PAYMENT TERMS: The penalty of INR 1,000 must be settled within 60 days of this notice. Failure to remit within the statutory period will initiate automated issuance of summons before the Virtual Court.
